

LOSSES MEASURING METERS

FEATURES :

- Highly accurate and reliable.
- Design with latest technology.
- Compact and light weight.
- Economical.

TECHNCIAL SPECIFICATION :

Input Supply	: 230V AC, Single phase, 50Hz.
Metering	: a) Digital Ammeters – 3Nos. b) Digital Voltmeter – 1 No. with selector switch. c) Digital Wattmeter 3 ϕ - 1No. (LPF).
Class of Accuracy	: 0.5
Basic Handling Voltage	: Up to 750V Max.
Basic Handling Current	: Up to 10A Max.
CTs Required	: As required, epoxy resin cast
PT Required	: As required.
Size	: 325 x 325 x 200mm Approx.
Weight	: 10Kg. Approx.
